ABOUT CECO

Conductive Education Center of Orlando
501 (c)3 Nonprofit Organization

A WORD FROM THE EXECUTIVE DIRECTOR

Dear Friends of CECO,

As we reflect on the past year, I am overwhelmed with gratitude for the incredible support of our community, which has allowed CECO to achieve remarkable milestones. Together, we have served hundreds of participants across our programs, including infants, toddlers, students, and adults. Each day, we work to provide an environment where we focus on abilities, and not limitations, empowering our participants to maximize their independence.

The demand for our innovative programs continues to grow, as evidenced by the increasing waitlists for all programs. This speaks not only to the life-changing impact of CECO's services but also to the vital need of what we do. We remain steadfast in our mission to provide support and resources to every individual and their family who walks through our doors.

Thanks to you, we are building a community of support. As we continue to grow and adapt to meet the needs of those we serve, I am filled with hope for the future. With your ongoing support, we can create even greater opportunities.

Thank you for being part of the CECO family. Together, we are proving that anything is possible.

DR. KRISZTINA WEISZHAUPT
EXECUTIVE DIRECTOR

A WORD FROM THE FOUNDER

Dear Supporters of CECO,

It's hard to believe that CECO began 24 years ago with just six children in a six-week pilot program. Today, we serve over 150 individuals each year, offering programs that support individuals across their lifespan. The progress we have made is truly incredible, and each year brings new opportunities for growth and impact.

I'm excited to share that we have begun exploring expansion opportunities to meet the increasing needs of our community. With growing waitlists and a demand for more space, it has become clear that we must expand to continue serving more individuals and families.

Whether you have been a part of CECO since 2001 or just joined us this year, we are grateful for your support. You are helping to transform lives and build a brighter future for an often-marginalized community. We hope you will continue this journey with us as we grow, ensuring more families can benefit from the life-changing programs CECO provides.

Thank you for your support.

JOE RAYMOND, JR.

ABOUT CECO

Where Passion Meets Innovation

Our Mission

To provide innovative programs for lifelong learning and development that transform lives utilizing conductive education that integrates physical, cognitive, and social skills.

About CECO

CECO is the largest Conductive Education center in the United States and the only one in Florida. Based in Central Florida, CECO empowers children and adults with neurological motor disabilities to achieve their greatest potential. Through transformative programs, CECO focuses on abilities rather than limitations, providing innovative educational services. Families often relocate to the Orlando area to access CECO's life-changing programs. At CECO, we believe that everyone is 'IMPOSSIBLE', and we are committed to supporting our participants and their families on their journey to greater independence.

About Conductive Education

Conductive Education is a learning method for individuals with neurological motor disabilities, like but not limited to cerebral palsy, which integrates an intensive and motivating approach to the development of gross and fine motor skills, mobility and balance, flexibility and motion, social skills, communication, and speech.

A TRACK RECORD OF PROVEN SUCCESS

*"Nothing is impossible, the word itself says
'IMPOSSIBLE!'"*

2001

CECO began when Joe and Vicky Raymond started a 6-week pilot program with 6 students at St. Peter and Paul Church in Winter Park, FL with one classroom occupying 750 sq. feet.

CECO moved to Polytechnic University and enrolled 14 students and expanded into 4 classrooms occupying 2,500 sq. feet.

2006

2011

CECO celebrated its 10th Anniversary! CECO had 25 students enrolled.

2015

CECO started a Conductor Training Program with a Bachelor's Degree and Certificate at Advent Health University.

2017

The first class graduated from the Conductor Training Program with 5 graduates. Conductor graduates hired by CECO allowed for growth and serving more students.

2001-2005

CECO moved to First Covenant Church with 2,000 sq. feet and has 10 students in 3 classrooms. CECO also hired Special Education Teacher.

2009

CECO moved to Forsyth Rd with 5,000 sq. feet and served 15 students in 5 classrooms.

2014

CECO collaborated with Advent Health University and developed a Conductor Training Program and curriculum. CECO moved to Semoran Blvd building and had 31 students in 6 classrooms occupying 15,000 sq. feet.

2016

CECO hosted ACENA Conference and partners with Orlando Science Center for a Conductive Education Center Exhibit.

A TRACK RECORD OF PROVEN SUCCESS

"It's kind of fun to do the impossible!"

2019

An additional five graduated from the Conductor Training Program. CECO collaborated with Down Syndrome Foundation for conductive education programming.

2018

CECO collaborated with Orange County Public Schools on an after school program and also worked with Full Sail University on an interactive technology ladder.

2020

Three new Conductors graduated from the Conductor Training Program. CECO began virtual education and started the first of its kind Adult Conductive Education Program. CECO also expanded by adding an additional 2,500 sq. feet.

2021

CECO celebrated 20 years! There were 36 students and 12 Adults enrolled. Over the past 20 years, CECO has served hundreds of children and adults and impacted thousands of families with their school day, adult and summer camp programs.

2023

CECO has 49 K-12 students, 17 adults, 25 full-time staff, 9 classrooms and 7 innovative programs. CECO also added an additional 3,000 sq feet. for a total of 18,000 sq feet. CECO receives their 1st patent for their Interactive Technology Ladders.

2024

CECO currently serves over 150 participants annually, with growing waitlists across all programs. In response to this demand, CECO is exploring opportunities for expansion.

OUR TRANSFORMATIONAL PROGRAMS

All of our programs are uniquely designed to incorporate the basics of conductive education into social, physical, cognitive, and everyday living activities.

SCHOOL DAY PROGRAM

The School Day Program incorporates CE and special education and is designed to address the overall needs of children and young adults with neurological motor disabilities.

YOUNG ADULT PROGRAM

The Young Adult Program is for individuals age 18 -22 with neurological motor disabilities focusing on improving daily living skills and enhancing independence.

ADULT DAY PROGRAM

The Adult Program focuses on the physical, cognitive, and socio-emotional development and improvement of daily living skills that the participant can apply to everyday situations.

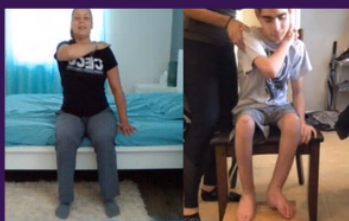

INDIVIDUAL SESSIONS

Individual CE sessions address the individuals unique needs and is available to any child recommended for the CE program.

VIRTUAL SESSIONS

Virtual sessions involve individual, conductor, and family participating in online conductive education lessons.

YOUNGSTER PROGRAM

The Youngster program is designed to provide both parent and child with the tools and strategies to maximize their child's abilities.

SUMMER CAMP

Summer Camp provides an intensive program for individuals with motor disabilities, like cerebral palsy, using CE to improve physical, social-emotional, and cognitive abilities.

2024 YEAR IN REVIEW

IMPACT

- 80% of K-12 students showed improvement in fine and gross motor skill development.
- 100% of Adult Program participants increased their social interaction.
- 100% of the Youngster Program children improved their play skills.
- 100% of all participants increased the time they spend out of their wheelchairs, gaining greater strength and mobility.
- 100% of all participants improved their quality of life.
- Positively impacted thousands of families, friends and community members.

INNOVATION

- Three students proudly graduated from CECO's K-12 Program, with two seamlessly transitioning into the Adult Day Program where they continue to grow and thrive.
- CECO's Adult Day Program grew, welcoming more participants eager to build independence, friendships, and life skills.
- CECO welcomed a new Conductor from Hungary, strengthening our team.
- To better serve our growing student population, CECO expanded its ESE team, allowing us to create more personalized learning experiences. This growth also made it possible to introduce exciting STEAM activities, sparking curiosity and engagement in the classroom.
- Two dedicated CECO staff members reached a major milestone, successfully graduating from the University of Birmingham, England's, Conductor Training Program after two years of hard work and dedication.

2024 YEAR IN REVIEW

CONNECTION

- 21 families relocated to Central Florida to give their child the opportunity to attend CECO.
- Selected to attend the Empowering Good program through the Edyth Bush Institute, strengthening our leadership and impact.
- Developed a specialized life skills program for the Downs Syndrome Association of Central Florida, helping their adult participants build essential life skills.
- 100% of families participating in the Youngster program gained greater knowledge about caring for a child with disabilities.
- Collaborated with community volunteer groups from organizations, service clubs and companies, as they engaged in meaningful projects to support our mission.

HOPE

- Provided financial assistance for 90% of our K-12 families through the Pete and Lynn DiPasqua Student Scholarship Fund.
- CECO remains dedicated to ensuring no family is turned away due to financial constraints, providing more than \$1.8 million in scholarships over the past 24 years.
- Raised \$1.86 million through fundraising, events, and capital campaign support - made possible by the incredible generosity of our donors, community, and their belief in our mission.
- Secured \$336,792 in awarded grants, allowing us to expand our programs and further empower our students and families.
- With growing waitlists for all programs, we are actively exploring opportunities for expansion, ensuring more individuals can benefit from conductive education.
- Every step forward reaffirms our shared belief that every individual is I'MPOSSIBLE.

2024 YEAR IN REVIEW

Night of Dreams Gala

Despite having to postpone our highly anticipated Night of Dreams Gala due to Hurricane Milton, nothing could dampen our spirit or determination. In January, we came together for the rescheduled event and made history by hosting our most successful gala to date, raising over \$257,000 for the Pete and Lynn DiPasqua Student Scholarship Fund. The evening was made even more memorable as we honored our Community Champion, Bill Robinson, for his outstanding contributions, and celebrated our Star of the Evening, Jeremiah Brown, and his family, whose inspiring story touched the hearts of everyone in attendance. We extend our heartfelt thanks to our our sponsors and attendees for their generous support, which made this extraordinary event possible and underscores the power of our community to drive CECO's mission forward.

2024 YEAR IN REVIEW

The Raymond Golf Classic

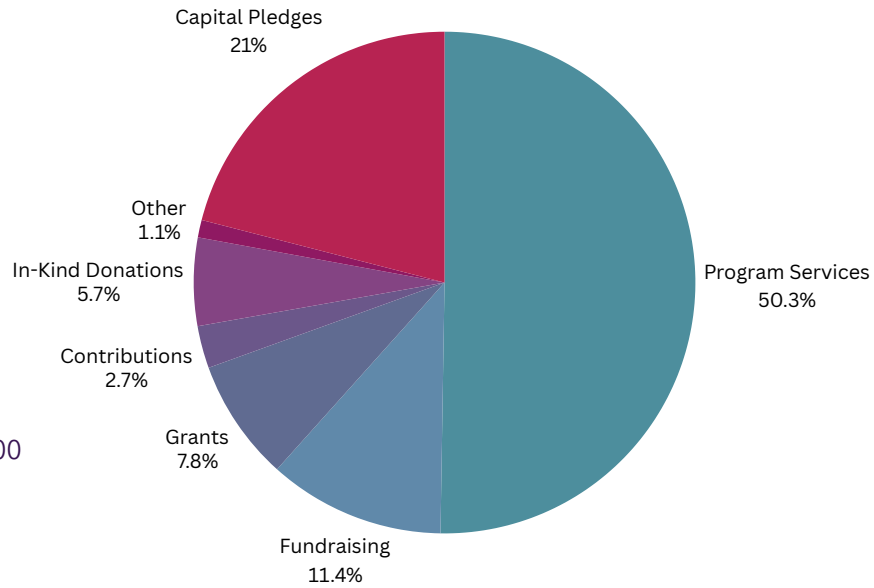

The 23rd annual Raymond Golf Classic, presented by Brasfield & Gorrie, was another sold-out hit! On Monday, May 6th, 2024, 144 golfers teed off at the beautiful Interlachen Country Club for a day of friendly competition and community spirit. Families and students joined in the fun, making it a truly special event. But it wasn't just about great golf - it was about coming together to support CECO in a big way. Thanks to our amazing sponsors and golfers, we raised over \$180,000! We are beyond grateful for everyone who made this day a success and can't wait to do it all again next year!

PARTICIPANT SUCCESS STORIES

Melania joined CECO's Youngster Program in January 2025 and has already made incredible progress. She loves coming to CECO to see her friends and engage in new challenges every day.

Since starting the program, Melania has improved her mobility, her rolling, and is even learning to stand with a ladder. Before CECO, she had never used a gait trainer, but now she is pushing herself up and taking steps with assistance. She has also making great strides in independence - sitting at the table to feed herself with a spoon and successfully taking five bites with minimal help. Melania's journey is a testament to her determination and the life-changing impact of CECO's programs. We can't wait to see all that she will continue to achieve!

Owen is a bright, hardworking, and friendly individual who brings energy and kindness to everyone around him. He warmly welcomes new friends, eagerly helps his classmates, and takes great pride in the connections he builds. His enthusiasm for learning and determination to improve his skills make him a true inspiration.

Since starting at CECO in 2024, Owen has already made remarkable progress in reading and math. He has transitioned from walking in a gait trainer to using a walker—and recently took six independent steps! His independence is also growing at mealtime, as he now scoops and takes bites of his food all on his own.

Owen's confidence shines in the classroom, where he knows the daily programs so well that he's practically leading the class. More than anything, he thrives when working with friends, motivating and uplifting those around him just as they do for him.

Alex McKay's journey with Conductive Education came full circle when he joined CECO's Adult Program in April 2024. Having participated in CE as a child in another state, Alex took a break for several years before returning- and his progress has been remarkable. He has gained strength, confidence, and independence. Alex loves using a standing frame and has improved both fine and gross motor skills. Socially, he has made new friends and communicates more effectively. His leadership skills also shine- his peers elected him President of CECO's Adult Program for 2025!

Since joining CECO in 2021, Brandt has made incredible strides in his mobility, independence, and communication. He has begun walking with a ladder-back chair, and within a month, he was holding onto it without arm braces. He has progressed from 10 steps to over 35 and by December he was able to separate his legs on his own. As Brandt's balance and strength grows, so does his independence. Beyond physical progress, Brandt has improved both cognitively and socially. He is able to follow more complex instructions, articulate more and has begun vocalizing new sounds. His determination and hard work continue to shine!

Since joining CECO's Adult Program in late 2023, Angelyn Gutierrez has made incredible strides in communication, mobility, and social engagement. As a Tobii ambassador, she now uses her communication device more effectively and loves creating presentations and engaging more with peers. In mid-2024, Angelyn received her first gait trainer, which she loves using to walk around the building. Her mobility has improved significantly, and she has become more social, forming strong friendships within the program. Angelyn's journey showcases the power of CECO in fostering independence, confidence, and connection.

Parent Perspectives: Testimonials

"CECO has been a true ray of sunshine for our family. We moved from New York and started in the individual program at 4 years old, and my twin girls, who are both enrolled at CECO, have made extraordinary progress through both the individual program as well as the school day program they are now enrolled into. The Conductors, assistants, education teachers, and administrative staff have been nothing short of wonderful to our entire family. My girls love going to school every day, and get treated with dignity from every single individual who walks through the doors.

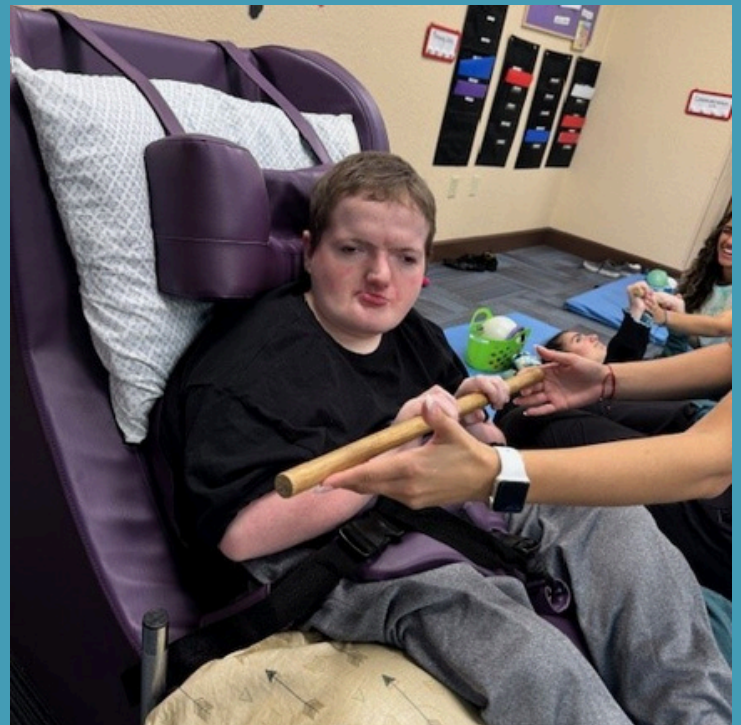

Not to mention the conductors are trained and experienced with using their mobility devices and are completely comfortable transferring them in and out of their chairs, gait trainers, bikes, wheelchairs and AFOs.

There is no question in my mind that my girls are getting the education, therapy and developmental advancement they need to thrive at CECO. We are forever grateful to CECO for offering such a necessary and wonderful place for our girls to grow!"

-Tiffany Davies, Lily and Nora's Mom

"Marcus's time at CECO has been transformative for him and our family. It is such a relief to know that he is well taken care of and safe while enjoying meaningful activities that improve his quality of life. The CECO team is consistently positive and enthusiastic, making each day unique and special. The joy that is seen in his and his friends' eyes as we enter each day is heartwarming. CECO is truly a magical place, and we feel blessed every day to be part of the CECO community."

-Miguel and Shelly Cabada, Marcus's Parents

Parent Perspectives: Testimonials

"CECO is more than a school; it is a beacon of light, a source of hope, and a home of unwavering compassion for families navigating some of life's most challenging moments. CECO has been a compass during the hardest times in our family's life. For my family, CECO is not just a school—it became a home. It is a place where love and light coexist, and this made all the difference when my family was going through our hardest time. CECO builds and inspires brightness where there is darkness. It exemplifies what it means to provide unconditional support, uplifting families during their hardest times."

-Carmita Kelly, Semaja's Grandmother

"Thank you for my new school. I like it...a lot!" Savannah's words at pick up on her first day at CECO say it all. As she aged out of public school (after almost 19 years) we were nervous to say the least. We were blessed to find CECO and It has been better than we could have ever imagined. The wonderful staff immediately made us feel welcome and safe. They are passionate about what they do and you can see it in their smiles every day. We love Savannah's new home and we are grateful to be here."

-The Richmond's, Savannah's Parents

"CECO has been like a second home to my child for the last 11 years. If ever anything should happen to me, CECO Residential Housing is where I know my child will thrive and always will be cared for and looked after. Since I am now an older, widowed, single parent, I have already spoken to my family and told them that CECO is where I want my child to always be. I will have peace of mind knowing that this beautiful dream of residential housing is finally a reality."

-Claude Caidor, Tashal's Mom

VISION FOR THE FUTURE

At CECO, we believe in a future where individuals with neurological motor disabilities have every opportunity to grow, learn, and thrive in an environment that champions their abilities. As the largest Conductive Education center in the U.S. and the only one in Florida, CECO has long been a beacon of hope for families seeking transformative education and support. Now, we are looking ahead to an even greater impact.

Our vision for the future is bold. With the growing demand for our programs, we are embarking on an exciting journey to expand our reach and enhance our services. Our plans include the development of a dedicated campus featuring innovative learning spaces, therapy environments, and residential housing - ensuring that adults have the support they need while giving families peace of mind. This expansion will allow us to serve more students and families, ensuring that no one faces barriers to accessing the life-changing benefits of Conductive Education.

Additionally, we are committed to fostering collaborations with community partners to build an inclusive campus that provides greater opportunities for education, training, and engagement. By working together, we will create a space where individuals of all abilities can thrive, ensuring that CECO remains a place of empowerment, possibility, and hope.

Together, with the support of our community, we will continue breaking barriers, transforming lives, and proving that everything is "I'MPOSSIBLE."

SUPPORT OUR MISSION

Our mission is to provide innovative programs for lifelong learning and development that transform lives utilizing conductive education that integrates physical, cognitive, and social skills.

DONATE

CECO relies on the generosity of supporters to help drive our mission to transform the lives of children and adults with neurological motor disabilities so that they may achieve their greatest level of independence. Donations help to maximize the potential of all individuals, build independence, and provide lifelong learning in a social and inclusive community of support. Visit ceco.org/give to learn more.

CORPORATE GIVING

We believe in the power of partnership, and corporate giving is a meaningful way for businesses to join us in our mission. Here is how your company can support inclusion and make a difference:

- Corporate Donations
- Employee Matching Gift Programs
- Sponsorship Opportunities
- Volunteer With Us

JOIN OUR BOARD

At CECO, we are committed to innovation and growth. Joining our Board of Directors will allow you to be at the forefront of pioneering initiatives, driving meaningful change, and ensuring our center remains a beacon of excellence. Board Members also help to cultivate relationships by engaging in meaningful discussions, leveraging your networks, and contribute to establishing strong relationships that further elevate our center's impact and reach.

TOUR OUR CENTER

While words can paint a picture, the true essence of our center can only be felt through firsthand experience. Witness the transformative power of CECO by visiting our center. Contact us to set up a tour.

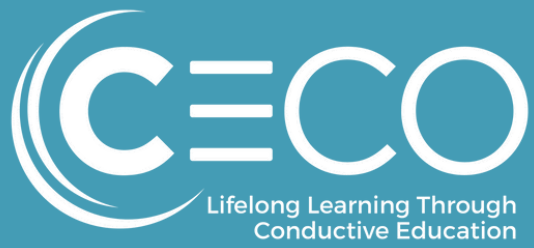

IN-KIND DONATIONS

CECO relies on various supplies to ensure our programs run smoothly. Each month, CECO uses:

- 8,000 nitrile gloves
- 48 roles of paper towels
- 48 packs of baby wipes

Visit our website and/or Amazon Wishlist to see a complete list of supplies needed.

For more information, please contact Sarah Clark, Director of Development at sclark@ceco.org or by calling 407-671-4687.
